

**Your journey
from AIS to AIM**

Are you on track?

AIM Consulting

The revision to ICAO Annex 15, effective in November 2018, along with the new PANS-AIM (Doc 10066), introduces significant changes to the way that aeronautical data is originated, managed and provided.

ITV can support customers in developing the required capabilities to transition from AIS to AIM and link successfully into the future digital ATM system.

SERVICES

- ✘ Develop the AIS Organisation by aligning the strategy and by addressing the change
- ✘ Implement data management by preparing the data for the digital environment
- ✘ Develop the AIM competence by creating awareness and by providing training
- ✘ Implement processes for AIM by supporting to design and optimising processes
- ✘ Prepare specification for procurement and support implementation of the infrastructure for AIM

BENEFITS

- ✘ Engage with all stakeholders for the transition from AIS to AIM
- ✘ Implement AIM successfully
- ✘ Shorten the journey to achieve compliance
- ✘ Implement ASBU steps in the context of AIM

OUR EXPERTISE

Your proven partner to implement AIM

Our AIM consultants have hands on AIS to AIM experience gained from working with originators, regulators and service providers in implementing AIM. In addition to having contributed to the development of the new ICAO Annex 15 and PANS-AIM, they engage in working arrangements of ICAO and EUROCONTROL and participate in Global AIM events of IFAIMA.
